PRINCIPAL'S MESSAGE

The pandemic challenged almost all areas of our College to both improvise, and in many cases to reprioritise and minimise. However, as we now look back on the past twenty-four months, I believe that we can be thankful to God, for what seems to be 'settling', and grateful to God for all that was learned, and all that was accomplished. Again, in the spirit of thankfulness, I wish to thank all parents and guardians for your graciousness and for leading your children in both calm faith and patience as the staff have again improvised and reprioritised in 2022.

The Year 12 Leavers of 2022 deserve praise for their 'can do', fun filled approach and their willingness to immerse themselves into the wider life of the College. The three 'senior years' for this cohort have been punctuated by disruption, however they have continued to make the most of every opportunity, and for their example, we are grateful. Our hope is that like all other graduates of Bethlehem College, you have examined the claims of the Gospel and found them to be worthy of your complete trust. Your life callings will inevitably challenge your courage, and so we trust that you will find it to be true that the only safe guide is the Bible, and that you are deeply loved by your wonder-working God!

Our sincere thanks to our Head Students, Marguerite Johansson and Timothy Cahill. Their example in humility and selflessness, combined with their disciplined efforts, have indeed strengthened the College in 2022, and we give thanks to God for them both, and for their service.

I wish to pay tribute to the staff of the College for their daily choices to depend upon God. I believe it to be true that in 2022 we have had many opportunities to learn afresh that our purpose is to rely upon Him and His power. In particular I would pay tribute to Mr Te Whaiti, Mrs Warnes, Mrs Whenuaroa and Mr Jarrett for their conviction, dedication and sheer hard work in leading our schools.

Again in 2022, Ms Sweeney and her team deserve our greatest thanks for their resourcefulness and care in shaping so skillfully this 2022 edition of the Arotahi. I trust that as you linger over these pages you will sense afresh, the goodness of God and His wonders.

As families may mercy, peace and love be yours in abundance this Christmas, and always.

Mr Larne Edmeades
Principal

STUDENT LEADERS

Kia ora tātou.

Being a student at Bethlehem College for the past 6 years has been an immense privilege and I have been so blessed to serve as Head Girl this year. I vividly remember sitting on the floor of the Event Centre as a soon to be Year 7 student listening to the 2015 head students speak about their time at BC. The passion with which they spoke of their memories and learnings from their high school years made me realise just how fortunate I was to be starting at Bethlehem College. From that day on, I wore my white and blue checked dress with such pride it may as well have been the Silver Ferns' uniform.

Bethlehem College provides students with countless opportunities to be involved in cultural, sporting, and academic activities. While memories of Friday night netball, orchestra concerts and house competitions are very special to look back on, what I am most grateful for is the opportunity I have had to grow in my relationship with God. To the teachers, staff and students who have helped shape this faith environment, thank you. Transferring our school values into the wider community has the potential to touch hearts and change lives.

A highlight of this year for me would be cultural day. It was so cool to see students come together to celebrate the different cultures in our school with music, food, games, and performances! The World Vision 40 hour famine was another high point. So many students made a huge effort for this event which speaks to the culture of compassion and goodwill within the student body. In leaving Bethlehem College this year, my hope is that others too will learn of the goodness of God and of the value of community.

Head Girl

Marguerite Johansson
Head Girl 2022

Amongst all of us Year 13s, many would agree that there comes a point, about halfway through Term 3, in which the magnitude of one's schooling journey, rests upon the heart. For me, that journey started with a little buck-toothed, white-haired, 4-year-old, who loved all things maths. Funnily enough, it ends with a braces-treated, blonde-haired Brit, with a passion for teaching and writing! Who would have known? That's the thing about this journey. None of us in Year 13 could have predicted even two years ago what it would have been like. But these times have built and revealed character in us, which to me, and many more, will serve as inspiration for years to come. Through it all, God's provision, peace, and his whispering guidance, has been ever closer to all those who listen and follow.

Tests and homework are universal experiences for all who read this, and aside from a few exceptional results, many will be, if they haven't already, forgotten. What will remain special to each of us, and I hope to many of you up-and-coming Year 13s, is people. In Psalms 23, it reads: "surely goodness, surely mercy, right beside me all my days" BC staff, and yes, that's each and every one of you, I see you grounds-men and office staff. Through you, this goodness and mercy has appeared. I would like to offer up the 1600 'Thank you' from all the students here. I can only offer mine, but I know I am joined by many. To my Bethlehem College pals and whānau, thank you for the past five years. Thank you for the way you let me into your company. Thank you for how you have served each other and myself.

Thank you for the fun times, for the all the memories at school balls, PE games, lunchtime antics, and class laughs. I look forward to bumping into you people again. The world is a small place! At least on Instagram!

Head Boy

Timothy Cahill

Bethlehem College Senior Secondary Student Leaders

Bethlehem College Student Services Council

Kia Ora,

To begin I would like to share a whakatauki that offers us a place to consider our past, where we have come from, and who has been part of our lives, as we journey into our future. Kia whaka tōmuri te haere whakamua. 'I walk backwards into the future with my eyes fixed on my past' Education and school is a big part of our lives – most of us go to school for 13 years which is around 3/4 of these Year 13's, lives so far! Remembering and reflecting on our past is so important as moments and people shape us. They are part of our identity. I want to take a moment now to reflect on some of the things that might have been part the leavers' learning journey here at Bethlehem College.

Some of you began at Bethlehem College as little 5-year-olds: learning how to spell your names, read and write, and do addition. Making friends and learning about the world. For many of the Year 13's, you joined Bethlehem College in 2016 with the Year 7 camp, making rafts, high ropes, and MasterChef challenges! Then there was the Year 8 camp with the mud run, learning how to cook for yourselves, and tenting. In Year 9, BMAC provided opportunities for caving, whitewater rafting, tramping, and overnight mountain stays! Year 10 is where more responsibility started with academic achievements, sporting pursuits and fun times. Each trip built whanaungatanga and community, which helped when navigating Level 1 and 2 through COVID lockdowns, as well as a changing world.

Finally, we come to 2022. We started off this year with COVID restrictions, but we had some great digital assemblies! In Term Two we had an awesome Ball, even with the fire alarm going off halfway through Mamma Mia. This year has also seen movement, in and out of the common room (apparently 7 times), the traditional 'park prank' to stop the Year Twelves from parking, and more recently, the ice-cream served on cardboard when you ran out of cones. As I was reflecting on this year, and the impact of the Year 13's, I realised what stands out to me, is not particular individual leaders, or standout achievements, but the whole year group. Together you have been a collective of kind people, offering the rest of us a calm and chilled presence, so thank you. You have left us with some big shoes to fill. The Roman philosopher Seneca states "Every new beginning comes from some other beginning's end." This is the end of your high school journey, but a new beginning as you transition into the next chapter of your lives, going to university, doing an apprenticeship, or taking a gap year.

Philippians 1:6 talks about being confident that He (that's God) who began a good work in you will continue it until the day of Jesus Christ. Today I invite you, Leavers, to be confident that as you complete your time at school – the good work God is doing in you will continue. As you walk past the year groups down The Way, remember what it was like to be in that Year. Reflect on yourself and how you have grown. As you leave this place, let your thoughts and memories return – walk into your future with your eyes fixed on the past.

Kia whaka tōmuri; te haere whakamua.

COLLEGE 2022

BC CHAPMAN

Mrs Hazel Warnes
Head of BC Chapman

2022 has been another memorable year. Some events were unexpected and world impacting. Floods, fires, earthquakes, eruptions, and the loss of a monarch who had ruled longer than anyone else previously in history. We as a kura wish to acknowledge and honour Queen Elizabeth the second, aged 96, monarch of 70 years. She was described as a 'constant, compassionate, connector' to, for, and of people, throughout the world. In contrast, she described herself as a servant, with responsibility to God as defender of the faith, and of the people. Charged with such responsibility, Queen Elizabeth devoted herself to sacrificial love throughout her reign, whether long or short, as God determined.

No one could dispute that with integrity, Queen Elizabeth faithfully fulfilled her role, demonstrating unwavering commitment to the well-being of her people. Andrew Lloyd Webber described her as 'a beacon of selfless love' a profound symbol of the power that love radiates. Diplomacy, grace, and humility seasoned her words and engendered trust, won as a result of love and respect. Queen Elizabeth's life exhibited and pointed to the love that Jesus calls us to and which He demonstrated. Such love is not for the fainthearted as it requires a dedication and ability to look to the interests of others ahead of our own, an ongoing challenge which does take courage and commitment. Aroha mai, aroha atu-love received demands love returned.

As it so happens, our 2022 integrated Curriculum theme was 'aroha/love' and this permeated our studies. The brunt of 'covid' and its necessary 'isolation' and or illness meant that we roller-coasted throughout Terms 1 & 2 with attendance reflecting its presence across our community. At the same time, we had unexpected and unprecedented opportunities to tangibly love and serve one another. Aboard our BC Chapman waka, we banded together in faith, hope, and love to, by God's grace, sail smoothly through the various fluctuating weather conditions. In the Scripture passages we learned, we focused on the character of God who IS love, and His demonstration of love, which takes us beyond our own circumstances to engage with other people and our world. We learned to take what He had placed within our hands, and to use it to love, bless, and serve others in practical ways.

The volcanic eruption and subsequent earthquake which impacted the people of Tonga, learning of life in Zambia and the kura Whaea Kirsty has gone to teach at, Antarctica and its global significance, opened our eyes to where, and how others live within their context. Studying the 'Big 5' African animals, their characteristics, habitat, and the dangers they face enabled further consideration of other places, people, creatures, cultures, and challenges. Examining the life and reign of Queen Elizabeth, and the Jubilee celebration opened up knowledge and understanding of history, a 70 year reign, and a life devoted to love, service and sacrifice. Stewarding resources in NZ such as Water, Dairy Farming, and Native Birds reinforced how blessed we are within Aotearoa and what being the kaitiaki/caretakers of creation entails.

Within our kura, Cross Country, Athletics, Speech and Chess Competitions, Choir Concerts, House Football/Ripper Rugby Tournaments, all gave opportunity to develop and showcase the myriad of tamariki talents. Despite the unknowns of when and how Covid might impact our community, our Year 7 & 8 Camp at Finlay Park went ahead in Term 1. It was a huge success alongside our Spring Fair in Term 4, these were other highlights of our 2022 year. The latter gives us the opportunity to work together as an entire BC Chapman whānau to bless our wider Rotorua community. The creating of various items for sale, the collection of ideas for games and activities for children and families who come, gave us a major focus on expressing 'aroha'.

Grit, courage and determination, has been shown throughout 2022, as we paddled through the storms, that were thrown our way. God has truly blessed us and proved HE is the ultimate gracious and faithful sustainer of our BC Chapman waka whānau. Indeed, God's love is constant, pursues us relentlessly, and is poured out through His protection, provision and is woven through His purposes. It has no national boundaries and is available and given lavishly to all people. The Queen herself said:

"Over the years, those who have seemed to me to be the most happy, contented, and fulfilled have always been the people who have lived the most outgoing and unselfish lives." and
"It's worth remembering that it is often the small steps, not the giant leaps, that bring about the most lasting change."

Such quotes remind us of the power of love and the impact of a life lived to make a difference through loving God with all our heart, mind, soul and strength and our neighbour as ourselves.

Mrs Karen Whenuarua
Head of Primary

2022 began with COVID restrictions, however, with the joint efforts of our caring staff and wonderful parents, the children came into school with joy and enthusiasm. The impact of COVID in the community meant we often were delivering the curriculum online or in a hybrid model. Some of our usual events were unable to proceed such as Year 5 & 6 swimming sports, marae trips and House tabloids sports. A highlight for Term 1 was our Easter programme, which was a special walk up "The Way". Stations were set up telling the story of Easter, along with displays in our class windows depicting the different parts. The Primary Easter service was held in the Centrum followed by a whanau picnic on the main field. What a delight to be able to come together for this significant time and especially after a term of so many staff and students coming and going due to COVID.

Our Term 2 Cross Country in June was able to be run with parents joining to cheer their children on. We had children compete successfully cluster, WBOP and BOP Cross country events with Matias Harvey from Year 4 winning his age group at the BOP championships! Matariki was celebrated across all our Primary classes and aligned beautifully with our theme of God being the great designer. The Year 1 stargazing evening was well attended as one of the first community events we'd been able to have. Our Year 3 & 4 classes enjoyed some great learning at the Science roadshow and our Year 6 student leaders were inspired at the Young Leaders Day in Hamilton. All these events, along with various winter sports codes, Epro8, Lego challenges and great learning filled our term before the term ended with a day of Parent Teacher Student conferences.

Term 3 continued to be busy with our winter sports, more Lego challenges and some robust inquiry based around our Biblical theme. Throughout the year we have continued with three major unit focuses. God made community, God is the great designer and God is Creator to deliver the NZ curriculum. Te Wiki o te Maori (Maori language week), speeches and our Year 5 & 6 Talent Quest provided many opportunities to grow as learners. Ending the term with Grandparents' Day was a special way to finish. Our Year 6 classes were unable to go on camp in Term 1 so were thankful for the opportunity early in Term 4 to go to Waitawheta near Waihi as a new venue. The past 2 years OF disruptions have meant the annual Te Rā Rēhia Kapa Haka Festival hasn't gone ahead, however this year our 40 strong group was finally able to join many other schools at Otumoetai Intermediate and share their talents.

BC Primary has remained positive and thankful to God for His faithfulness and provision making for a year of wonderful learning and growth together. Dedicated staff and supportive whanau have made 2022 a great year.

BC PRIMARY LEADERS

2022 Student Leaders

Connor Barnes, Sonja Copeland, Lilly de Bruin, Arabella Goodson, Jenna Johnson, Joshua Ly, Maia Recorden, Jiwoo Shin, Ariella Werehiko and Brooke Whistler
Teacher: Mrs Jo West

The 2022 Primary Students Leaders have demonstrated an extraordinary willingness to serve Primary and have done this in so many ways. They have been committed to supporting students in the playground every lunchtime through "Peer Support". They have invited students to share prayer requests and have prayed for their peers on a weekly basis. They have initiated opportunities for students to participate in crafts and have championed tidiness, by awarding a weekly cloak bay award and collecting lost property. It has been a privilege to walk alongside these students as they have grown in their leadership skills. Highlights have included watching each student share a devotion at the Primary Worship Assembly, attending the National Young Leaders Day in Hamilton and seeing them work together to have a bottle filling drinking fountain installed on the Primary campus.

Palm Sunday
 I see three troubled looking
 Pharisees staring at the crowd,
 I see joyful children sprinting
 down the road to get a closer look
 at the saviour who is coming to
 rescue us.
 I hear some important people
 murmuring about the man on the
 donkey.
 I hear many people shouting
 excitedly "Our saviour has come!",
 I feel anxious, wondering if he is
 our saviour.
 I feel excited as people start
 walking into the temple.
 By Breen

Y6

Palm Sunday

I see happy people cheering for their King and
 Saviour.
 I see Pharisees staring at Jesus in disgust.
 I hear the wind rustling the palm leaves.
 I hear angry soldiers telling people to calm down.
 I feel excited as Jesus walks down the path.
 I feel amazed as Jesus walks past me because he is
The Saviour of the World.

SECONDARY

Bethlehem College Secondary once again displayed the versatility and adaptability to minimise loss of learning and optimise the opportunities in front of us. Houses and student leaders capitalised on events to grow and enhance service and leadership. Assemblies and Whanau/House gatherings were instrumental vehicles for setting, affirming and celebrating BC cultural norms. Student Leaders sharing Gods word and declaring, within their portfolios, God's direction and stability in a fast-moving world were highlights.

With sports tournaments, cultural festivals and subject field trips and camps carefully reintegrated into the school calendar, students were able to experience numerous learning opportunities to grow spirit, soul and body.

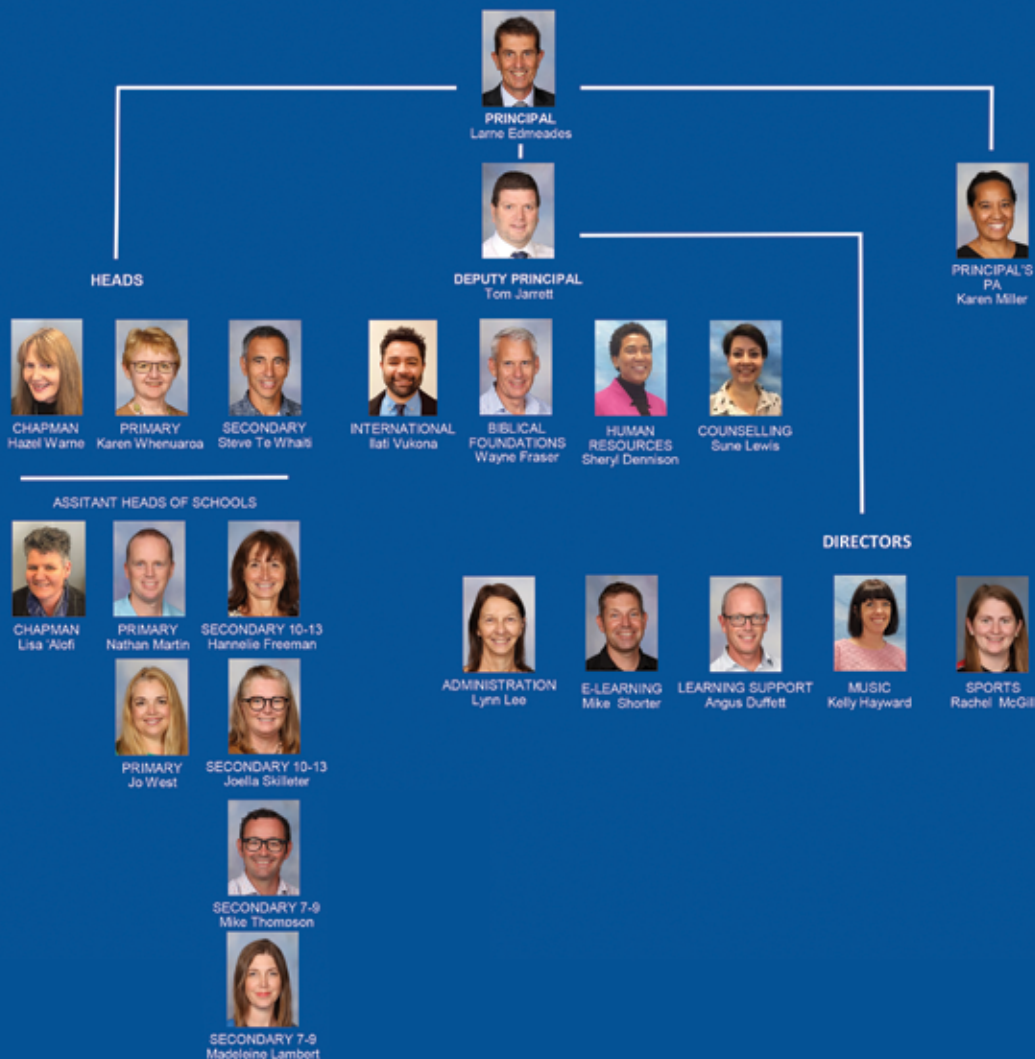

Throughout the year, as expected every year, there are hurdles to jump and rough seas to sail. How we respond together with a cloak of Christs agape love become bookmarks of growing together God's way. As we 'work out our faith' together and learn, God enables and encourages us to more like 'Him'. It is not a linear arrangement and this refinement process is full of challenges.

For many there are seeds sown into lives of each of us that require the Holy Spirit to work. We as a Secondary Lead team are privileged to journey with you and your tamariki as we intentionally create conditions for learners to learn and develop their faith.

Students Choice

Our Primary Pillars: Truth, Freedom, Respect, Prosperity.

- We plan to add ADP (athletic development program) to the options list from year 8 up, this is an option focussed on conditioning keen young athletes in helpful training sessions.
- Pac Man will become a compulsory component of every day.
- Chill out time will become a class tradition on last period Thursday, with kotles and pizza.
- Student Council will resolve conflicts and debates in organised court sessions on Wednesdays.

9BTJ First

Personal classes
Personal classes should be made for kids so that kids have lessons they love to do it their free time and would be a lot more interactive and inspired when they are learning about things that interest them.

Class council
There will be a class council appointed to make decisions for the class in a way that supports (mostly) everyone.

Personalized work space
Kids will be able to bring their own personal items and gear to make their workspace suit them more so they are comfortable and can achieve more.

The students come first

JUNIOR SECONDARY

The year of 2022 was a bundle of dysfunction, fairies, tie-tans and two very exclusive pop stars for the class of 9GOM, and of course, we can't forget about that thing we stressed about, cried about and stayed up till 2am to finish. Grades. Grades were also a part of our year... or was it really?

Term One started with awkward smiles, a class warming up to a very 'intimidating' teacher, and uncomfortably long moments of silence. Term One was also proof that 9GOM could actually go 10 seconds without getting off topic and somehow talking about Star Wars. Ah yes, the olden days.

Then, Term Two rolled around, and suddenly, silence no longer existed. Nor did victory apparently, as 9GOM lost the finals of the Year 9 Futsal Tournament. (Sorry Jasper, had to put it in). Another part of the cold (both literally and figuratively) and harsh time of Term Two was the Social Studies assignment, which I trust still gives some people nightmares!

After two weeks off, though some took more, Term Three came, and with it, more assignments, even less silence, and speeches. From heart-wrenching stories of Finn the Fish to why we shouldn't let 'seagulls' steal from our beautiful brown bags, speeches were entertaining, as long as you weren't the one presenting them!

Term Four is yet to come, but I'm positively confident that 9GOM and Mr Goddard will make it very, very entertaining. BMAC camps, K Group competitions, film making and of course, exams are just a few of the things 9GOM have got to look forward to.

9 HYS *MARO*

Covid, no stop sickness, isolation and cancellations, 9HYS has had anything but a normal year. Although we haven't had all the opportunities previous Year 9 students have had, Mr Hayward has helped us create a positive environment that made memories that will stay with us for life. From Mr Hayward's reckless life stories to crazy "funny" dad jokes are all leading up to the BMAC camp at the end of the year. He has helped us grow as individuals as well as a class. We are excited to live out the rest of this year laughing along the way.

DRAMA

Drama expresses human experience through a focus on role, action, and tension, played out in time and space. In drama education, students learn to structure these elements and to use dramatic conventions, techniques, and technologies to create imagined worlds. At Bethlehem College, students are given many and varied opportunities to use their God-given gifts and talents to express themselves through performance, whether it be in class, or via competitions like the Sheilah Winn Shakespeare festival and Dance New Zealand Made.

DANCE NZ MADE INTER-SCHOOL REGIONAL COMPETITION

Congratulations to Amelia Tapsell (Solo) on her stunning performance. Amelia won a golden ticket which means, after an intense audition process, could see her win \$1000 towards dance training. Bethlehem College also entered five student led dance groups who performed with passion and emotion. Genres included contemporary, jazz, lyrical, hip hop, and ballet.

WORLDS HIP HOP DANCE COMPETITION

A massive congratulations to Connor Settle-Smith who was selected into the NZ Hip Hop Dance Team. He and his team performed in Phoenix, Arizona and placed 12th in the World. Over 4000 of the World's best dancers came together for the World Hip Hop Dance Championships. Over fifty countries were represented.

SHEILA WINN SHAKESPEARE COMPETITION

Term One saw four groups enter the Sheila Winn Shakespeare competition held at Mount College. Extracts from Shakespeare's Sonnets, Hamlet, Othello, and Antony and Cleopatra were presented. The performances were well rehearsed and presented, and Bethlehem College made history in that the Shakespeare's sonnets were performed for the very first time ever, in the Sheila Winn Competition. It was noted by the Regional Host in his welcome. Well done to that group.

ENGLISH DEPARTMENT

The English department has had a very busy year!

The highlight, mid-year, is always the Senior Speech Competition. It was great this year to have such a range of topics and speakers. Arcadia Wardley took out the cup with her speech that refuted some of the "strive, strive, strive" messaging that we see on social media.

STUDENT WRITING

Grandma

Sophia Harkins, Yr II

Condensation drizzles down the window as hot steam from the brewing kettle wafts up into the air. The soft patter of rain on the roof masks the clacking and clunking of mugs and teaspoons. Tiptoeing down the dimly lit hallway, careful not to spill the swirling vortex of chamomile tea, I place the tea into the shaking, wrinkly hands of my grandma, these hands that had once tucked me into bed. I pull a brown leather book from the dusty shelf that lies next to her and begin to read.

"Corinthians 1:3."

"My favorite," she croaks.

Grandma's eyes soften and droop, falling into a deep sleep. For a second, I imagine myself lying cozy in bed falling asleep with wool blankets and hot water bottles. I think back to the times when she was the one who tucked me in at night. The roles are reversed now. I only wish I could turn back time to relive the days when she was taking care of me. My gaze returns to my grandmother, who is old and frail. I know that her time is limited. Age has finally caught up with her. The spine of the book crackles closed as I place it carefully back on the shelf. I sigh. Not with relief but with longingness. Floorboards creak below my feet as I creep back to the kitchen. My eyes, blurred by tears, wander the room as I try to escape the memories flooding my mind. Slowly I begin to feel nudged into remembrance.

STUDENT WRITING

The Liquidation of the Ghetto

By Samuel Tapper, Y12

This piece is based on the scene of the ghetto burning from the film *The Zookeeper's Wife*

Magda clutches Maurycy's hand tight. She looks at Antonina's drawn face and listens to Ursula sing the story of the Passover. The familiar words flow over the food, echoing other Seder meals, where each year they heard the old story of the Passover, the story that they grew up with. Ursula's voice takes on a quality beyond the purely natural, reminding them of Seder meals before the Germans came, before the world was torn apart. Her voice reminds them of meals with family before the man on the radio said, "the ghetto has been liquidated."

In the ghetto, rabbis were rocking back and forth praying, calling out to the God of Abraham, Isaac and Jacob, asking how can this be and they're coming. The fire is coming. And the only home that Yosef had ever known now had Germans with guns that shot flames, and he didn't understand and where was his Mama and she was gone. Mama was gone.

They've known this story all their lives. Each year, the story of the Passover encourages. It is a tale of courage, a story of deliverance from the oppressors, of God's lovingkindness for his people. Ursula tells of Moses' brave words "Let my people go." She tells of Pharaoh's refusal, and then the plagues that fell on Egypt. Finally, the first Seder, with the blood of the lamb painted on the doorframes.

The flames licked the makeshift synagogue. Rabbis clutched their treasures, hidden from the Germans. Menorah, gifts dedicated to Adonai, copies of the Tanakh. But the heat was coming, and the Germans were coming with fire, fire through the gates of hell. Tongues of flame licked buildings and the rabbis cried out for mercy, mercy, God of our Fathers, grant us mercy.

Ursula tells of the firstborn of Egypt. Of how the Egyptians lost all, because of the hardness of Pharaoh's heart. But the people of Israel, the people of God, were passed over by the angel of death. Bitter herbs mix with the lamb on Magda's plate, the bitterness of the people of Egypt after they lost all mingling with innocence sacrificed, which was the salvation of Israel.

And the demons drove past the gates of hell in their tanks, watching the ghetto burn. They listened to the prayers of the rabbis fall still, and Yosef's silence told them that their work was done. The only noise was the cracks and splinters of burning buildings, as they eliminated all trace of those who once were caged in the ghetto.

Ryzs hears for the first time, of how the people of Egypt gave up their gold and silver to Israel. His thoughts turn on their own, and he wonders. He wonders how can this happen in his world? But while Ursula finally tells of the triumphant crossing of the Red Sea, the final escape from slavery for Israel, a little spark of hope rises in his heart. God's people will never be forsaken.

And the Germans took treasures which were not their own from that which was once someone. A wedding ring, a pair of glasses, a watch. And the cattle cars pulled away from the station, on their long journey to Auschwitz Birkenau, while the world burned. And with Antonina, still there is a remnant, passed over by those who would see them destroyed.

EARLY CHILDHOOD

EARLY CHILDHOOD PRACTICUM 2022

A highlight of the year for the Y12 and Y13 Early Childhood Education (ECE) students is attending a week-long practicum in a chosen EC Centre. The lead up to this event is always exciting as students prepare to practice the skills they have learnt during the year. They create introductory posters and write their pepeha. They also make and gather resource material that will help them during the week. Having visited the students on their practicums, it was evident that they enjoyed their time at the centers, and some have been asked to return. This is very positive feedback - Well done Year 12 and 13 ECE students.

NUTRITION & HEALTH

COMMERCE

MARKET DAYS

MUSIC DEPARTMENT

This year in music students have been busy as always, digging deep into the wonderful gift of music. Having to practise outside in Term 1 didn't stop the enthusiasm and passion to play. A particular highlight was a guest presentation from taonga pūoro (traditional instrument) expert Jo'el Komene. Mr Shorter has been busy re-creating the recording studio in a bunker that features all the BC rock bands in gold vinyl. Sound production on students have kept busy filming and recording some high-quality projects. A big well done to all students who have tasted the reward that comes from hours of creating, studying, practising and performing.

AGRICULTURE & HORTICULTURE

THE SCIENCES

The practical Agriculture class were very busy raising chickens this year. They incubated the eggs, watched them hatch, and cared for them through to adulthood. All other classes in Mrs Ardern's room were delighted with their daily visit with the chicks, which are now very used to human interaction.

CHEMISTRY

P H Y S I C S

Life in the Science Department has continued to be a hive of activity. Extracting DNA from kiwifruit, making Matariki kites, investigating insects under microscopes – there is never a dull moment.

Two BC teams were finalists in the Young Innovators Award this year. Amber Sommerville, Ana Phillips and Emily Orr were finalists for their project which made glass recycling quicker, and Noelle Tito won the People's Choice Award for her design of a backpack filled with a range of sensory tools to help alleviate anxiety and enable children to focus. Congratulations to all these students.

Our regular Biology trips were enjoyed by all, and were very educational. Year 12 went to the rocky shore in Maketu, while Year 13 went to the Auckland Museum and the Auckland Zoo.

Some students benefitted from attending a small motors course, where they gained many new and useful skills.

We welcomed Mr Shepherd back into the department for 2023, and many students have benefitted from his expertise. We wish him well as he returns to his studies.

BIOLOGY

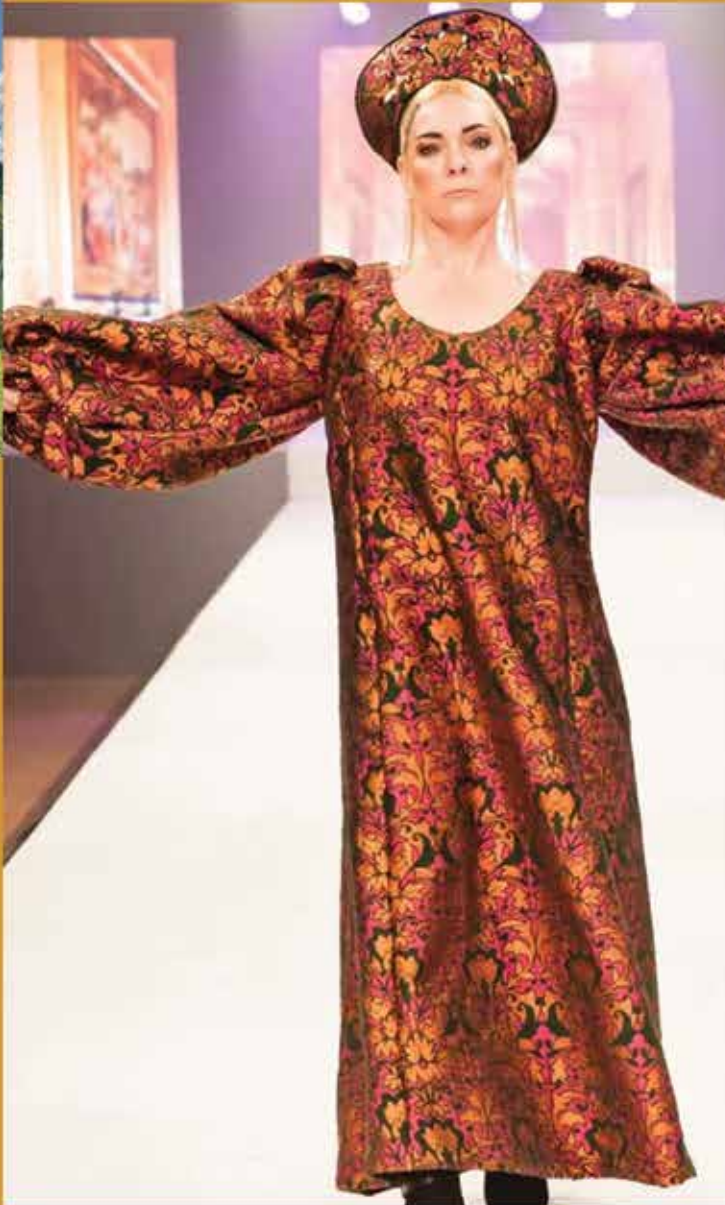

Textiles in 2022 has continued to be a fun and creative learning environment at all year levels. Our guys and girls have enjoyed exploring new ways of creating garments. In the senior school, at Y13 we have focused on advanced techniques, at Y12 we have focused on sustainability, at Y11 we have introduced pattern drafting and making garments that suit the wearer, and at Y10 we have introduced a range of creative design elements. In the junior school at Y9 we have completed some truly amazing duffel bags, and at Y7/8 the students have learnt some new applied design techniques and have had some great experience on our sewing machines.

Mrs Helen Smith joined the Technology Department as the Textiles teacher this year. She has had a great year getting to know all the amazing textiles students and is so proud of all they have created.

Unfortunately, our local fashion design competition Pin'd was cancelled due to COVID restrictions at the time.

Jemima Thomas (Y12) received a highly commended award for her Met Gala inspired dress in the school glamour section at the Hokonui fashion awards this year. Well done Jemima!

TEXTILE TECHNOLOGY

MATERIALS TECHNOLOGY

Materials Technology 2022. With much discussion around New Zealand's skills shortage, it has been great to see so many of our 2022 Materials Technology students taking home projects that showcase both their practical and design skills.

Our workshop continues to be a safe environment for students to discover new construction techniques, test their concepts, learn from their mistakes, and ultimately complete projects they can be proud of. Students are encouraged to receive feedback from stakeholders throughout their design processes. It is pleasing to see students grasp the benefit of this, and give due consideration to the people who will use their projects.

This prepares students for the real world, where they will need to design and construct for clients. The culmination of this philosophy is the Year 13 Service project, in which students design for an individual or community group of their choice.

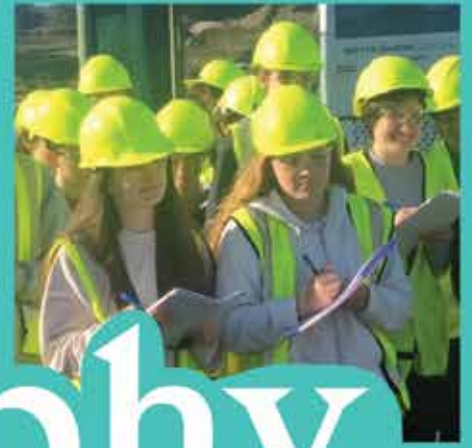

Historia

*"The real voyage of discovery
consists not in seeking new
landscapes but in having new eyes."
- Marcel Proust*

Geography

In the Geography Department, we study how people interact with the world around them. This is best done on field trips in diverse locations like Tongariro National Park, Waihi gold mine and the Luge at Rotorua. 2022 has brought with it many challenges, not least of which have been examples of increasingly extreme weather events in NZ and overseas. As we study these weather events, we can see many environmental issues and challenges that have arisen from people's behaviour and their relationship with the environment. In Genesis 1, we see God's first command is to manage (steward) creation, bringing out its potential for the benefit of all people (see Genesis 1:28, 2:15). This reminds each one of us that our world is changing rapidly, and in Geography, we look at how each one of us can equip ourselves to meet the challenges that lie ahead.

Genesis 1:28

And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth.

Genesis 2:15

The LORD God then took the man and settled him in the garden of Eden, to cultivate and care for it, except the tree of knowledge of good and evil. From that tree you shall not eat; when you eat from it you shall die.

LIBRARY

The BC Library is a busy place.

Each week, up to forty classes visit the library.

So far in 2022, as of the 19th September, 28,567 books have been issued and it is wonderful to see the library so well used.

But a lot more happens in the library than borrowing books.

Junior Secondary classes book out the reading circle and enjoy reading together

or check out new books on display

Senior students use the library in their study periods, to study or work on assignments... or to get creative

The library hosts events like the Literature Quiz competitions, the BC Blazers Book Club,

seniors doing their Duke of Edinburgh service are extremely popular reading to the youngest students in the school, drawing with them and playing games.

and visiting librarians from the Tauranga Public Library who came to do interactive story telling.

Sam the library mouse encouraged students to read and make books for the library

So, if you haven't been to the library in a while, come and visit. We have over 23,000 books, so more than one is sure to appeal.

OUTDOOR EDUCATION

PHYSICAL EDUCATION

Over the past two years Physical Education at Bethlehem College (like other schools) has been impacted heavily by COVID restrictions. 2022 has seen more flexibility with trips and activities able to happen more frequently. Our Senior NCEA students were able to take part in the Tough Guy & Gal Mud Run, and our Outdoor Education classes went on camps, climbed in trees, raced cars, played paintball, and went caving. Our students have also climbed the school rock wall, learnt to dance for the Year 8 social, and learnt the school haka.

CAREERS

2022

We have been considering future career pathways, exploring growth industries and discovering that the world of work certainly is ever-evolving!

Students have increased their future pathways knowledge by attending the Careers Expo, Beca Engineering Day, HOBEC Law Workshop, BC Tertiary Awareness Day and more. They have been on short courses to learn new skills like First Aid, Health & Safety, Customer Service, and Forklift Operating to name a few. We've had students complete the year-long Police Pathways Programme learning real-life policing skills. Others have committed to studying a university paper online to further their learning. Gateway students have been on work experience in a wide range of industries; strengthening their pathway between school and the workplace. Learning opportunities abound!

**Whaia te pae tawhiti
kia tata, Whakamaua te pae tata kia tina!**
Explore beyond the distant horizon and
draw it near, take hold of your potential
so it becomes your reality!

BC DEBATING TEAM

Bethlehem College Senior Debating Team

2022 has been a great year for BC debating. In March, four teams competed in the Bay of Plenty Regional competition, a whole-day event where each team argued four rounds, on such varied subjects as time travel, sports scholarships and tax breaks for large corporations. After an exhausting but fun day, our youngest team (Year 11 students) made it all the way into the final round against Boys' College Year 13s. While they lost this final, to make it so far was a resounding success for these first-time debaters. Well done to Chloe Loh, Sienna Tang and Sarah Taylor on this great feat.

Arcadia Wardley made the regional team for the second year running, and she was joined by Sophia Mitchell as a reserve. Sarah Taylor and Chloe Loh were both selected to join the regional development team for younger debaters who showed much promise. Ka rawe to mahi!

Term 2 saw the reprise of the House Debating Competition, taken out this year by Aylward House. Samuel Tapper was a speaker of note, joined in the final by his capable teammates, Chloe Loh and Daniel Anneke. Written off as underdogs by many, Aylward fought their way to the final with poise and passion. In 2023, we hope to enter more teams in the regional competition, which is open to all students from Years 9-13. No experience is necessary, so see Mrs. Philip if interested.

AYLWARD HOUSE WINNERS HOUSE DEBATING COMPETITION

2022

LEARNING SUPPORT

BC

LEARNING SUPPORT DEPARTMENT 2022

In the Learning Support Department, we aim to provide the additional support some students need to engage and achieve in school and learning, and to have the opportunity to realise their God-given potential and talents. The team works collaboratively to find practical strategies and resources to support the diverse needs of all students at Bethlehem College.

This is to ensure that all Bethlehem College students feel included, cared for and safe in their learning journey.

The Learning Centre continues to be a space for students with identified learning differences to spend time away from the activity of busy school life. The room is open and staffed with a teacher-aide at interval and lunchtime. It is a safe, relaxed space where students can interact together away from general school activity.

Our students have thrived this year in the classroom spaces that they are part of as well as in the smaller break away groups together with teacher aides and specialist support. A special mention goes to Darshan Ranchhood (Year 13) and James Moyle (Year 11) who received prizes at the Senior Prize-giving for their dedication and diligence throughout the year. We also recognise the on-going efforts of our Primary and Secondary teacher-aides for providing such support, nurturing and care for the students.

Finally, farewell and thank you to Rosemary Granger, the department administrator, who is retiring after many years of faithful service. Rosemary's dedication and meticulous organisation has ensured the efficient running of so many elements of the department, and numerous students have benefited from her kindness and calm under pressure over the years. Her presence will be missed, but her impact will be remembered for many years to come.

EDGE HOUSE SPIRIT

LEHEM COLLEGE

SERVICE

At Bethlehem College an integral part of our learning environment is service.

This year we have again been unable to travel off shore for any mission service trips due to restrictions. Plans are being developed to restart these opportunities that are so beneficial for our students understanding of other cultures and engaging in service projects.

However, we have been able to continue our focus on needs outside of our community through participation in events such as the World Vision 40 Hour Famine, the Cancer Society Daffodil Day, and contributing to the needs of the Tauranga Foodbank by donating a large quantity of non-perishable goods.

Around 35 of our senior students spent 4 days in the Hawkes Bay serving in a low decile school and the community surrounding it. We have committed for developing this into a long-term relationship meeting needs as we are able. Students have also been encouraged to register the Student Volunteer Army (SVA) programme which recognises the hours many students are contributing to the community through organisations such as Riding for the Disabled or their churches. Students receive badges relating to hours served and a record of service to accompany their CV. In these ways we continue to encourage and develop a culture of service in our students.

NISS Championship

Bethlehem College Rowing
NZSS Madi Cup

The BC rowing team has done exceptionally well over this last season. This season has been a wonderful opportunity for all of the rowers to grow together and support each other in performing to the best of our ability and a bit more.... Our results are reflecting our dedication to training throughout the year. We performed outstandingly well at the AON Maadi Cup Regatta - NZ National championships, which was held in Twizel. We look forward to Bethlehem College Rowing's continued success in the years to come.

The Rowing Team's rankings at the New Zealand National championships 2022 are as follows:

Luca Romersa: U16 single - 5th place

Jack Perkins: U18 single - 10th place

Jack Perkins and Kael Raja: U18 double - 13th place

Jemima Glaholm: U16 single - 13th place and in the U17 single - 23rd place

Jazette Bonthuys: U16 single - 29th place
